SCENERGY

Compatible with your ultrasound machine and probe

SCENERGY SuperPROBE

Small, lightweight, tracks instruments, performs guidance & deformation modeling

Improved Image Fusion with SCENERGY™

- Works with your existing equipment
- Tracks multiple antennae on single screen
- TipTAG advantage – always see the instrument tip even in CT or MR image
- Crystal clear CT or MRI + Real-time Ultrasound
- Image registration and fusion in less than 10 seconds
- Automatic image fusion continually updates during procedures
- Fast and Accurate...not one or the other
